### HICKS FOR NOVEMBER.

The first storm movements for this month will be central on the 3rd and 4th. On and touching these days a rise in temperature, falling barometer, cloudiness and rain will pass eastward from western extremes to the Atlantic. The western and northern sides of this and all storm areas at this season, will most likely turn to snow, and as the high barometer pushes in from the northwest behind the storms, high cold winds and freezing, clearing weather will succeed. Remember that as a rule, the cold, clearing weather begins in the northwest before the storm areas reach central and eastern extremes of the country. Actual storms of rain and snow, as well as the warm, fair weather before, and the cold, fair weather behind them, always pass like great railroad trains, from west to east across the States. By watching your barometer and the heavens during the storm periods, you may know with great precision when the storms and changes will arrive at your longitude or locality.

The second storm period for November will be central on the 9th extending from the 7th to the 12th. This is a regular Vulcan period, with moon at first quarter on the 7th, and on the celestial equator on the 11th. As we enter well into this period a marked change to warmer will move out of western parts falling barometer will follow, and wide areas of autumnal rain will move eastward from about the 9th to the 12th. These storms will reach the culminating stage about the 11th with possible lightning and thunder southward, all following from the northwest by change to snow, rising barometer and cold, clearing weather. Watch and see.

The anti-storm conditions following the preceding period will break down about the 15th and 16th, which are reactionary storm days. The moon is full on the 15th and at her perigee on the 16th, also at her highest point northward in the sky on the 17th. Therefore on and touching the 15th and 16th low barometer, rising temperature and wide areas of renewed rain, turning to snow, generally to northward, will pass eastward from the far west over the country.

One of the marked storm periods of the month falls in and near the center of a Mercury period. The Vulcan period covers the 19th to the 23rd. Be prepared at this time for all progressive phenomena of a very active storm period. Low barometer and warmer will end in general rains, rain, will lead to snow and sleet—look for sleet and snow and sleet will be attended and followed by a change amounting to a cold wave. This period will come to its crisis about the 22nd and 23rd.

On and touching the 25th and 27th the cloudy and unsettled weather, resulting from the Mercury equinox, will result into decided autumnal storms of rain, wind and snow. In all northern sections look for heavy sleet. High northwesterly winds and change to quite cold will follow these storms. Let all outdoor work be in good shape for winter storms and weather before this time. Frosts and freezing will penetrate far into the south along with the high barometer behind these storms. As the month goes out a storm period will be in its first stages; it will be turning warmer in the west, with low barometer and other indications of approaching storms. This period will continue into the opening day of December.

### LABOR TROUBLES IN FRANCE.

The musicians employed at sixteen theatres and music halls in Paris struck and picketed those resorts yesterday evening. They were not replaced. Several managers, alarmed at the prospect of the failure of the matinees, gave way yesterday morning. The strikers, carrying violin cases, trombones, cornets, bassoons, and other instruments, arrived at the Labor Exchange at 1 o'clock yesterday afternoon. The chairman announced that the Chatelet Nouveau Theatre and a number of concert halls had agreed to pay the rates demanded by the musicians' syndicate. The speakers were bitter against MM. Saint-Saens and Ganne, the composers, who had expressed themselves as unfriendly to the strikers. The meeting decided that in the future all Paris orchestras belonging to the syndicate would refuse to play music written by the offending composers. A large force of police was stationed outside the stage doors of the various places of amusement to prevent disturbances should any be attempted. In some halls pianos were used to replace the bands.

A renewal of minor disturbances between strikers and non-strikers was reported yesterday from the mining districts. At Denain, the strikers demolished a coal yard, broke the windows of buildings, and sent a threatening letter to the mayor. At Lens there was also much petty destruction of property. At Dunkirk fourteen arrests were made, and it is expected that many more will

follow as a result of the recent disorder there. The national committee of the miners' federation has adopted a resolution asking the miners to stand together and insisting that the companies will unite to accept arbitration.

**WILL NOT WAIT FOR COLOMBIA.**  
The State Department has reached the frame of mind which precludes further haggling with the Colombian government over the terms under which the United States will dig the Panama Canal. The recent action taken by Mr. Cuchia, the Colombian minister at Washington, has been displeasing to the officials of the Department of State, as no reason can be seen why he should have delayed the presentation to the State Department of his government's answer to the proposition of this country. A decision has been reached that unless a Colombia comes to terms without more than a reasonable delay the digging of the canal will be begun and the negotiation continued while the work is in progress. Information obtained at the State Department is to the effect that the United States does not propose to allow the prosecution of this great work to be longer delayed by such obstacles. This Government will complete the purchase of the canal by paying over \$40,000,000, the price agreed upon with the new Panama Canal Company. Under the rights it will then have acquired the United States will be entitled to proceed with the actual work of completing the tunnel. Negotiations with Colombia can be carried on while the digging is progressing, and delays on the part of the Colombian government in coming to terms will work only to its disadvantage.

**Old People Have Their Troubles.**  
Mr. Francis Little of Benton Harbor, Mich., is over eighty years of age. Since 1865 he has been troubled more or less with indigestion and constipation and has tried almost everything in use for those ailments. Last August he began using Chamberlain's Stomach and Liver Tablets and was soon feeling much better. In a recent letter he says: "I have used three boxes of the Tablets and now think I am well." These Tablets improve the appetite and invigorate the stomach, liver and bowels. For sale by Richard Gibson, druggist.

**Natural Anxiety.**  
Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. It is so sudden that the sufferer is often before he can get to the doctor. Such cases yield readily to one Minute Cough Cure. Liquidizes the mucus, inflames, inflames, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McLaughlin, Hampton, Ga.: "A bad cold rendered me voiceless just before an oratorical contest. I attended to it with one Minute Cough Cure. I restored my voice in time to win the medal." For sale by E. S. Leadbeater and Son.

**All Who Use Atomizers** in treating nasal Catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cents. Sold by druggists or by Ely Bros., 55 Warren Street, N. Y. New Orleans, Sept. 1, 1900.

**MEASURES.** ELY BROS.—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lamberton, 1415 Delachaise street, New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. GEO. W. McDERMOTT, Pharmacist.

## BREAD.

### ALEXANDRIA STEAM BAKERY'S BREAD.

For Sale by all Grocers and at Stall No. 22 Market. If You Want the Best Insist on Your Grocer Giving You Our Bread :

**We Wish to Announce**

to the people of Alexandria that since the purchase of the Alexandria Steam Bread Bakery by ourselves on June 14, 1902, we have spared no pains or expense in going over this plant and putting it in thorough condition. We now state, without fear of contradiction, that we have as UP-TO-DATE a bread bakery as exists in the United States. We are employing Alexandria bakers who are unexcelled in the art of making bread; and it will be our purpose to see that nothing is used in the manufacture of bread except the very best of all materials. In this way we expect to give to the people of Alexandria better bread than they have been getting. We ask all of our citizens who wish to encourage Alexandria enterprise to insist on the grocer giving them Alexandria Steam Bread Bakery's Bread. We guarantee the quality.
